Exhibitors should follow their veterinarians' recommendation to assure their dogs are free of internal and external parasites, any communicable diseases, and have appropriate vaccinations.

Per AKC rules: No dog shall be eligible to participate and no dog shall be brought onto the grounds or premises of any event, and any dog which may have been brought into the grounds or premises shall immediately be removed, if it: a) shows clinical symptoms of distemper, infectious hepatitis, leptospirosis or other communicable disease, or b) is known to have been in contact with distemper, infectious hepatitis, leptospirosis or other communicable disease within thirty days prior to the opening of the event, or c) has been kenneled within thirty days prior to the opening of the event on premises on which there existed distemper, infectious hepatitis, leptospirosis or other communicable disease.

Test & Trial Move-Ups.

A dog may be moved up to the next class in a test or trial in which it is entered and for which entries have closed when, according to the owner's records, the dog has met the title requirements for the class in which it is entered. A dog may be moved up in the next test or trial, provided that the next level class is available (i.e.: offered in the premium list) and that a Judge is available, and, provided further, that the class is not filled. Notification must be made to the Test/Trial Secretary at least one-half hour before the start of the event. The dog cannot be moved up at the event on which it completes its qualifications for a title, or if the move-up would enter a dog twice under the same Judge.

Prerequisites.

There is no prerequisite for entry in a Pre-Trial Test or any trial level. In tests, dogs must demonstrate the ability to move and control livestock by fetching or driving, and be sufficiently trained to work at the proper balance point to move the stock forward on the course. Dogs that constantly prevent the stock from being moved in a controlled fashion, or that chase or harass the stock will not qualify. If a dog is entered in both a test level and a trial level at a single event and qualifies in the trial level, it may run in the test level(s) at the handler's option, but the entry fee shall not be refunded if it is scratched from the test level(s). If a dog qualifies in a test level and attains the second leg toward a test title, a test certificate and title will be issued provided the dog is otherwise eligible, but the dog is no longer eligible for entry in a test level as the result of qualifying in the trial level. A dog may enter a class (level- course-stock) only once per event.

Herding Tested (HT) Title.

The American Kennel Club will issue a Herding Tested certificate to an eligible dog, and will permit the use of the letters HT following the name of a dog that has been certified by two different Judges to have qualified by passing two licensed or member Herding Tests. A dog may enter a Herding Test more than once at a single event (provided that the Herding Test is run in more than one division) and earn a HT provided it qualifies under two different Judges at that event.

Pre-Trial Tested (PT) Title.

The Pre-Trial Test is designed to help guide owners into a knowledge of, and participation in, herding activities, and will provide a dog that, while not fully refined by training, is demonstrably capable of performing herding work at a level just below the beginning trial level. The American Kennel Club will issue a Pre-Trial Tested certificate to an eligible dog, and will permit the use of the letters PT after the name of a dog that has been certified by two different Judges to have qualified by passing two licensed or member club Pre-Trial tests. A dog need not have earned the Herding Tested title in order to participate in tests for the PT title. Inexperienced handlers are encouraged to work first for the Herding Tested title so that they may benefit from the educational experience each test provides. The Pre-Trial Tested title shall supersede the Herding Tested title when the Herding Tested title has been previously awarded. Neither of the test titles is a prerequisite for participation in herding trials.

Dogs may continue to enter tests to gain experience after the title for that class is earned with no entry preference.

Herding Started (HS) Title.

The American Kennel Club will issue a Herding Started certificate designating the specific course and livestock type for an eligible dog, and will identify the titlist by the use of HS (course and livestock) after the name of that dog in official AKC records, once the dog has been certified by two different Judges to have received qualifying scores in the Started classes, same course and livestock type, at three licensed or member club herding trials.

Herding Intermediate (HI) Title.

The American Kennel Club will issue a Herding Intermediate certificate designating the specific course and livestock type for an eligible dog, and will identify the titlist by the use of HI (course and livestock) after the name of that dog in official AKC records, once the dog has been certified by two different Judges to have received qualifying scores in the Intermediate classes, same course and livestock type, at three licensed or member club herding trials.

Herding Excellent (HX) Title.

The American Kennel Club will issue a Herding Excellent certificate designating the specific course and livestock type for an eligible dog, and will identify the titlist by use of HX (course and livestock) after the name of that dog in official AKC records, once the dog has been certified by two different judges to have received qualifying scores in the Advanced classes, same course and livestock type, at three licensed or member club herding trials.

Herding Masters Title [M suffix].

A Herding Master title can be earned by receiving eight (8) additional qualifying scores on the same course and stock. This title will be designated with an "M" after the current title. The owner must track these qualifying performances on a Master Title application form developed by the AKC. Upon achieving eight additional qualifying scores, the application form is sent to the Performance Events Department. Upon verification, the title will be applied to the dog's record. The Master title will suppress the title earned for the same course and stock. No Master title certificate will be issued unless ordered by the owner for a fee established by the AKC Board of Directors.
